The 12" section is available in the Battered Edge only and a limited number of external radii.

18" RockCurb® Radius Section Lengths – battered or bullnose profile

radius type	3'	5'	6'	8'	10'	15'	20'	30'
external	x		x	x	x	x	x	x
internal			x			x	x	x

Stocked Color : Limestone Gray

RockCurb® Radius Sections can be used when the installation incorporates curves. Gentle arches or circles can be accommodated by using a combination of radii and straight sections. The 18" curb is available in both an angled Battered Edge and a rounded Bullnose Edge profile. A complete selection of radii is available so that almost any municipal requirement can be met. The 12" curb is available in the Battered Edge profile only and a limited number of outside radii. The stocked color is Limestone Gray. Custom aggregate blending is possible when quantities permit.
