HALIFAX® FLAGSTONE
Irregular

(nonstock item)

Approximate Overall Dimension: 11” x 13 3/4” x 3”

Halifax® Irregular is a nonstock item and available upon special request when quantities permit.

When installing, be sure that the point of the paver is facing away from you.

Joints must be filled with polymeric sand which is specially formulated for the filling of wide joints when installing pavers. Unlike traditional sand, polymeric sand stays in place and remains stable; effectively resisting erosion caused by water, frost, wind, etc. Contact Hanover® for more information.
