Hanover® Architectural Products manufactures concrete Prest® Pavers with recycled content. The colors shown are just a few Hanover® can provide. Percentage of recycled content is based on the recycled materials used and varies for each color. Percentages for other colors are available upon request.

**PLEASE NOTE:** Percentage of recycled content is shown beneath each color. Percentages are available for other Prest® Paver colors and are available upon request.

**PLEASE NOTE:** Additional custom blending is available on special order when quantities permit. The color photos shown were prepared with great concern for accuracy. However, it is suggested that actual samples be requested before specifying. Due to the natural variance of the raw materials used, products can be expected to differ slightly from sample to actual product. It is recommended that the products be cleaned after the installation is finished. Contact our representatives for product suggestions.
